What Are They Saying?

"It has been an honor and a privilege to have Mrs. Joyce Kyles as a weekly class facilitator for the Salvation Army Adult Rehabilitation Center. We appreciate her commitment in giving back and sharing life changing history of domestic violence with the ladies here with addiction of intersecting dysfunction habits."
Karon White, Program Director-The Salvation Army ARC

"Joyce was a presenter for a recent Title IX Summit hosted by our University. Her presentation was impactful for the participants and provided them with a necessary perspective for dealing with individuals who have been victims of intimate partner violence. Her personal experiences enable her to deliver content with an air of sincerity and transparency that is often lacking from those who have not had the same experiences. Joyce exceeded our expectations and we definitely look forward to future collaborations. "
V. Latosha Dexter, Deputy University Counsel-University of Memphis
